the spanish literary generation of 1968 josé maria guelbenzu lourdes ortiz and ana maría moix serves multiple purposes most importantly it is an overview of an important moment in spanish literary history that is connected to an extremely important moment in world history 1968 as well as what that year represents in many

countries such as France, Germany, Mexico, and the United States. This text aims to show how young writers who were coming of age precisely at that moment incorporated into their novels the new ideas that they found in the writing of many foreign authors generally unknown to previous generations whose works were essential to their development. The author has focused on three authors who he feels are most representative of their generation and follows with a lengthy study of the critical reception they have received over time. Finally, in an appendix, one will find excerpts of an unpublished novel by Lourdes Ortiz and interviews with all three authors. It is hoped that this text with its extensive bibliography will serve as a valuable source for students and professors alike.

This book examines the significance of probably the most famous year in modern Spanish culture, 1898, which marked her defeat in the Spanish American War. The editors have brought together 21 essays by international specialists in the field.

This informative book takes readers on an enjoyable journey through the La Garrotxa volcanoes. In addition to a general description of the main geological and volcanological values of the region, it also provides a detailed account of the history of the region, its biological diversity, and its cultural heritage, including architecture, folklore, and gastronomy. La Garrotxa Volcanic Zone was declared a natural park in 1982 to protect the numerous sites of special interest that are found in this region. The natural park has been pioneering in many initiatives aimed at preserving the landscape and natural values and promoting awareness of the area within the community. An important part of this book is dedicated to the insights into the educational programs and outreach developed to disseminate the main values of this region. It shows how sustainable tourism has been implemented and the management plan that has been designed to preserve such important natural and cultural values, including local experts' views on the topics covered. This book will appeal to a general audience interested not only in visiting the area but also in gaining insights into an example of geoheritage and geoconservation that has successfully integrated education, tourism, planning, and environmental management.
